

VISITOR GUIDE · TRAVELLING RESPONSIBLY

Sydney

We can't wait to welcome you to Sydney. A few simple things will help you enjoy it safely, and help protect the harbour city and its Country.

FOUR THINGS TO KNOW BEFORE YOU GO

01 Buy Aboriginal art only from verified outlets

Tourist precincts sell mass-produced fakes that harm Aboriginal artists. Direct clients to Blak Markets, Boomalli, Carriageworks or the Art Gallery of NSW Indigenous collection.

02 Travel car-free — use the Opal network

Sydney's trains, ferries, light rail and cycleways make a low-carbon visit easy. The ferry to Manly is part of the experience. Promote this as a genuine sustainability strength.

03 Swim between the flags

Rip currents at ocean beaches can be life-threatening. Clients must swim only between the red and yellow flags, and if caught in a rip, float and signal rather than swim against it.

04 Choose local and Aboriginal-owned businesses

Steer clients away from generic tourist-precinct options toward independent restaurants, local markets and Aboriginal-led experiences that keep value in the community.

PLEASE TAKE EXTRA CARE

Beach & water safety. Always swim between the red and yellow flags at ocean beaches, never swim outside flagged areas, and understand rip currents — float and signal for help rather than swimming against the current.
